GLE History

Good and effective leadership is not limited to those in positions of authority, nor is it limited to any one race, culture or economic status. In order to reap the benefits of the varied backgrounds of the citizens of Goochland, the County established in 1995 a leadership development program in partnership with local government and various organizations throughout the county (i.e. Cooperative Extension, Chamber of Commerce, NAACP, civic organizations, citizens organizations, etc.). The purposes were the following:

1. Identify potential leaders throughout the County.
2. Help to cultivate the leadership skills of citizens.
3. Encourage potential leaders to take a more active role in the County.
4. Educate participants about the opportunities and problems in Goochland.
5. Bring current and potential leaders in contact to encourage discussion and debate.
6. Develop a spirit of cooperation to benefit the County as a whole.
